Date of Implementation: 01 January 2027

Reason: During a general review of the NCR, which was undertaken to ensure that relevant regulations duplicated from other sections adequately covered Rallycross, it was determined that the provision for new competitors detailed in Regulation 1.4.1 was appropriate for application to all new Competitors.

In incorporating that provision, it was further considered that any Driver new to Rallycross should be subject to observed laps, regardless of whether they hold an RTA licence. The wording has therefore been consolidated and amended accordingly.
